## What our customers say

“ Thank you, Sheffmed. Your vision for better health care and a better world is profound and deep.

*You are aware that technology, good service and quality care are important, but even more you understand that human and earth values have to underpin all we do if we are to survive and live together on our earth.*

*So I thank you for the service you give us in Bradford and for the help you have given to our outreach programme to support the development of ENT endoscopy and surgical services in Malawi and in particular for the computers, surgical kits and head lamps given to the newly trained clinical officers there.*

Thank you. ”

"Last year, a herd of elephants descended upon Sheffield to raise money for Sheffield Children's Hospital whilst celebrating the city's creativity and culture. A total of £400,000 was raised, including Sheffmed's winning bid of £7,200 for the beautiful Blossom. She is being donated to the Northern General Hospital and will be proudly placed next to their main entrance."
